Abstract

This paper aims at understanding the scope for promoting agro-tourism in Goa, examining the existing Agro-tourism destinations in Goa and the role of ICT in promoting such destinations. It also makes an attempt to understand the opportunities and challenges for ICT in Agro-tourism. A Case-Study was undertaken to study the extent of ICT implementation in Pascoal Organic
Spice Village. The paper concludes by recommending some suggestions to Pascoal Organic Spice Village as well as others for successful implementation of ICT in Agro-tourism in Goa.
